METHAMPHETAMINE TESTING RESULT

ENVIROFORCE
ENVIRONMENTAL SAFETY CONSULTANTS

Your Initial Meth Test at Property:
Date: 16 / 10 / 2023

Sample Street Address, Test City, 12345

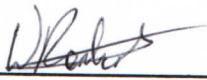

The analysis of the samples taken from your property found NO traces of Methamphetamine over 0.5µg. (A level below 0.5µg/100cm² is deemed safe by the Australian Governments Clandestine Drug Laboratory Remediation Guidelines.)

We would like to thank you for choosing Resicert to assist in screening your property for Methamphetamine. It is recommended that an initial Meth Test be completed pre-sale or purchase and at the start of every tenancy or on a 12 monthly basis. Please let us know if you require our services in future.

To discuss your result or for any questions regarding Meth Testing, please call **Enviro Force directly on 1300 373785** or email on info@enviroforce.com.au

Thank you for using Resicert
